Refrence/My interpretations of Ussr and Third Reich in the story!

It's from the book : Was Always Mine, a collaborative project by Lonely_Nazbol and HeyaLeninDaddy . I doubt that this is what they actually look like, and I apologize for that! I'm a huge fan of this book, and I would totally recommend it if you want to try reading something new! It features a lot of physical and mental trauma, which includes things such as abuse and manipulation! It's not for the faint of heart and contains sensetive subjects such as gore; abuse; and rape.

With that out of the way, the story is very addicting and I love how it takes a spin on Ussr x Third Reich. I love the uniqueness of it, and it's exactly what I needed. In the near future, I would be more than willing to put up more fanart! I will be happily following this story, the writing is brilliant on both ends, and both writers are clearly putting a lot of effort into this. Thank you again for everything that you guys have done, please give them your appreciation as well!
